Thank you.

Dear 

Please find below the final vaccine matching ("r1") value report for A TUR 7/2009 and A TUR/40/2009.

Yours sincerely,

Head: Vesicular Reference Laboratories

A company limited by guarantee, registered in England no. 559784. The Institute is also a registered charity, Charity Commissioners Reference No. 228824
The Institute is sponsored by the Biotechnology and Biological Sciences Research Council. An Associated Institute of the University of Reading.

Report no: 11/09		VNT				ELISA				
Field Isolate:		Vaccine:	A22 Irq	A Tur06	A Eritrea	A Sau 41/91	Vaccine:	A22 Irq 24/64	A Irn 99	A Eritrea 98
A Tur 7/2009	Test 1	mn43/09	0.13				SD 55/09	0.13	0.13	0.17
	Test 2	mn45/09	0.13	0.36	0.05		SD 57/09	Ref Serum Fail	0.13	0.13
	Test 3	mn47/09		0.52	0.04	0.03	SD 58/09	0.08		
	Mean		0.13	0.44	0.05	0.03	Mean	0.11	0.13	0.15
A Tur 40/2009	Test 1	mn43/09	0.06				SD 55/09	Did not trap	Did not trap	0.25
	Test 2	mn45/09	0.05	0.58	0.09		SD 57/09			0.25
	Test 3	mn47/09		1.00	0.10	0.01				
	Mean		0.06	0.79	0.10	0.01	Mean			0.25

Interpretation of r_1 values

In the case of ELISA:

$r_1 = 0.4-1.0$. Suggests that there is a close relationship between field isolate and vaccine strain. A potent vaccine containing the vaccine strain is likely to confer protection.

$r_1 = 0.2-0.39$, Suggests that the field isolate is antigenically related to the vaccine strain. The vaccine strain might be suitable for use if no closer match can be found provided that a potent vaccine is used and animals are preferably immunised more than once.

$r_1 = <0.2$. Suggests that the field isolate is so different from the vaccine strain that the vaccine is unlikely to protect.

In the case of neutralisation:

$r_1 = \geq 0.3$. Suggests that there is a close relationship between field isolate and vaccine strain. A potent vaccine containing the vaccine strain is likely to confer protection.

$r_1 = < 0.3$. Suggests that the field isolate is so different from the vaccine strain that the vaccine is unlikely to protect.

N.B.

All of our phylogenetic trees can be accessed via the internet at:
